Book online at:
<https://tinyurl.com/yabmpjzo>

A one-day practical course which focuses on practical teaching: how to get the most out of your ophthalmoscope, pupil examination and visual fields. The interactive teaching style is targeted to the busy consultation to enable competence and effective care strategies for patients.

Combining experience of Community Ophthalmology with expertise in Health Education, Primary Ophthalmology have been providing ophthalmic education for doctors and nurses in Primary Care and in emergency settings for over 10 years.

Topics include

- External eye disease
- Glaucoma and Uveitis
- Eye Movement Disorders
- Optic disc disorders and visual pathways
- Assessment of Children

Tutors

Miss Stella Hornby—Consultant Ophthalmologist at the Oxford Eye Hospital.

Dr Andrew Partner—GP Principal in Oxfordshire and practices Ophthalmology at the Oxford Eye Hospital.

Comments

"I wish I had done this course 10 years ago!"

"An excellent session. Highly valued by the attendees"

CPD

Printed certificate of attendance for all delegates.
