We are looking to expand our existing practice team with the addition of an enthusiastic, forward thinking Salaried GP. We are a training practice for both GP Registrars and Foundation Pharmacists, situated within 5 minutes off Junction 48 of the M4.

The Partnership consists of 4 GPs and 1 Practice Pharmacist, who in addition to a Salaried GP, three Practice Nurses and HCA care for approximately 9500 patients in Pontardulais and the surrounding areas. With managerial and administrative support, we aim to promote a patient-centred role with minimal admin-related workload.

Our triage system is complimented by the AskmyGP service, which has successfully transformed our communication with patients and enhanced our responsiveness and flexibility. We are a Vision practice with electronic documents managed and workflowed via Docman.

Whether you are experienced or newly qualified, we are looking for a motivated and committed GP to influence and develop the practice's future. Informal practice visits welcome. Please apply via email with CV and covering letter to Kerry Matthews, Practice Manager at Kerry.Matthews@wales.nhs.uk
