Salary: Negotiable

We are looking for a caring, enthusiastic, and motivated GP to work 4 sessions weekly on a Thursday and Friday.

You will be required to work a morning and afternoon session each day. This to include face to face and telephone consultations, visiting patients at home, signing repeat prescriptions and dealing with queries, referrals and related administration in a timely fashion.

We are a friendly and supportive multidisciplinary training practice team, in a South Wales Valley, currently looking after 6800 patients on our purpose developed site on the footprint of the local community hospital.

Paperlight practice running Vision clinical system with Docman, and with a supporting local prescribing hub.

Regular multi-disciplinary team meetings and a friendly, supportive, happy team.

What matters to us, is that we get the right person for our team and so, though we have preferences, we can be flexible on the working arrangements. If you are interested, please feel free to contact us for an informal chat.
