

We are an outstanding training practice in rural Hampshire looking to recruit 2 GPs to work as part of our wonderful team. This could be as a salaried GP or with a view to partnership. The newly merged Partnership cares for a diverse population and has a skilled and experienced team which includes 7 partners, 4 salaried GPs, highly experienced practice nurses, paramedics, HCAs and a clinical pharmacist. Alongside this we have excellent support from our cohesive management and administrative team and strong working relationships with the community based teams.

The practice has an embedded culture of training, teaching, staff development and learning. The Partnership will actively support and encourage salaried GPs to develop any areas of special interest. A number of our current GP's work with in the local CCG, as GPSI's and in education. The Partnership provides a supportive environment for its salaried GPs and is keen to embrace innovative ways of working. We host medical students as well as training doctors at all stages in their career from Foundation years and at all stages of GP specialist training.

- We are looking for 2 GPs' to work 6 - 8 sessions over 3 - 4 days.
- We work across 3 sites and it is likely that some element of travel between these will be necessary. We are happy to discuss the options at interview to try and best suit each other's needs.
- Very efficient triage system supported by our paramedics who also do the majority of our acute visiting.
- Competitive salary - depending on experience.
- Indemnity fees paid for by the practice.
- 6 weeks' holiday per annum, 1 weeks study leave per annum.
- Regular meetings to ensure close working with colleagues and for educational purposes.
- GMS practice. Member of North Hampshire Rural West Cluster - Looking to develop innovative services in our area
- EMIS Web clinical system supported by DOCMAN10 and Lexacom digital dictation.
- High achieving QOF, enhanced service, prescribing and immunisation targets practice.
- Highly efficient and paper light with a focus on developing services, especially digital services, which benefit patients by giving them a range of access solutions.
- We have recently launched a new interactive website www.watershipdownhealth.com.

For further details on these GP roles, please ring our Practice Business Manager, Susie on 01256 772 761 soonest for an initial discussion. You will then be contacted by one of our GPs, who will provide you with further details about the role. Please note any contact is in the strictest confidence. We will be seeking to hold interviews around the end of October 2018. We look forward to speaking with you.
