Dr. Tom Linton

Westbourne Medical Centre

- ❖ Westbourne Medical Centre is committed to ongoing learning and personal development. We are a **training practice** and often have doctors as well as nurses in training working with us as part of their Vocational Training Scheme. We also have links with the Bournemouth University, Southampton University and London Imperial College for whom we host placements for medical students.
- ❖ Leading Practice for ***Clinical Pharmacists in GP Practices*** pilot project - recent research project presented to NHS England
- ❖ Consistently high **QOF achievements**
- ❖ Locum doctors see a set number of patients and telephone calls – no extra surprises – and are supported by the Duty Partner and Duty Team.
