

NEW POSITION

Mount Barker-based (WA) General Practitioners

 **Mount Barker, Western Australia**

 **Private Sector**

 **Permanent**

 **\$AU 350.000 + pa**

Discover the Beauty of Mountain Country!

Experience the charm of rural GP work with the added perks of flexible hours and excellent earning potential, all within a premier region known for its hiking, wine, and rich cultural heritage.

If you're seeking more fulfilment from both your work and recreation, our client invites you to be a part of their growing team.

Our client fosters true collaboration with their Doctors. Their esteemed physicians benefit from a supportive environment with nursing staff and administrative support, empowering them to design their roles according to their preferences.

Presently, our client has a vacant position for a like-minded General Practitioner to join their cohesive team. You will enjoy complete autonomy over your work, in an environment tailored to your individual needs. This is a unique opportunity to experience the challenges, diversity, and satisfaction of rural GP work without sacrificing access to amenities and luxuries. The city of Albany lies just 50km away. While inpatient and emergency work at the hospital is optional, it is not compulsory. Our client offers comprehensive nursing support and a specially designed treatment room for skin procedures, along with full admin assistance. The team thrives on camaraderie, holding weekly clinical meetings and organising regular social events.

The ideal candidate will possess VR GP registration, a passion for General Practice, and a penchant for working collaboratively in a supportive and autonomous setting. Candidates on PEP, FSP, or ACCRM IP pathways are welcome to apply.

Enjoy an average full-time income of \$350,000.

There are additional income opportunities with generously remunerated local inpatient and emergency department work.

The MM5 location qualifies for a workforce rural incentive of up to \$26,000 annually. Our client is also in a distribution priority area and eligible for a health workforce certificate.

Interested? Let's talk.
