Exciting opportunity to join an expanding practice located in excellent modern purpose-built (leased) premises in South East Hampshire

Due to the planned retirement and the diversification into non clinical roles of our current GP team we are looking for an enthusiastic and dedicated GP to join our youthful, diverse, progressive thinking team either as a Partner or a Salaried GP for five to six sessions a week.

We are a high performing practice with a strong ethos of continuity of patient care, teamwork and peer support. We have a list size of circa 17,000 patients, use EMIS Web and our most recent CQC rating was GOOD.

Other benefits to joining our team include:

- Support from a highly experienced clinical support team including Advanced Nurse Practitioners, Paramedics Home Visiting Service, PCN Physiotherapy & Mental Health Service, Diabetes Nurse and Respiratory Nurse Specialists.
- A strong prescribing team lead by a pharmacist and supported by pharmacy technicians and prescribing clerks.
- Strong links with our PCN colleagues and services, many of the PCN/GPEA services are hosted in our building. One of our GP partners is a PCN CD.
- A fully established Admin and Secretarial team utilising current electronic and workflow principles.
- Established training practice.
- Teaching practice taking medical students from Southampton University.
- Active sessional research practice, leading research across our PCN with ongoing involvement in commercial research projects.
- Scope to take a lead role in a health subject that you have a passion to lead.
- We're an active Parkrun Practice.
- Allocated parking with easy access to the A3(M).

Please visit our website at <https://oakshealthcare.gpsurgery.net/> to find out more about us.

Please contact GP Partner, Dr W Teo or Dr S Cooper via email w.teo@nhs.net or susie.cooper@nhs.net or 023 92263138 or our Business Manager Chris Compin via email chris.compinn@nhs.net or the number above.
