

# Are you ready to change the way you think about appraisal?

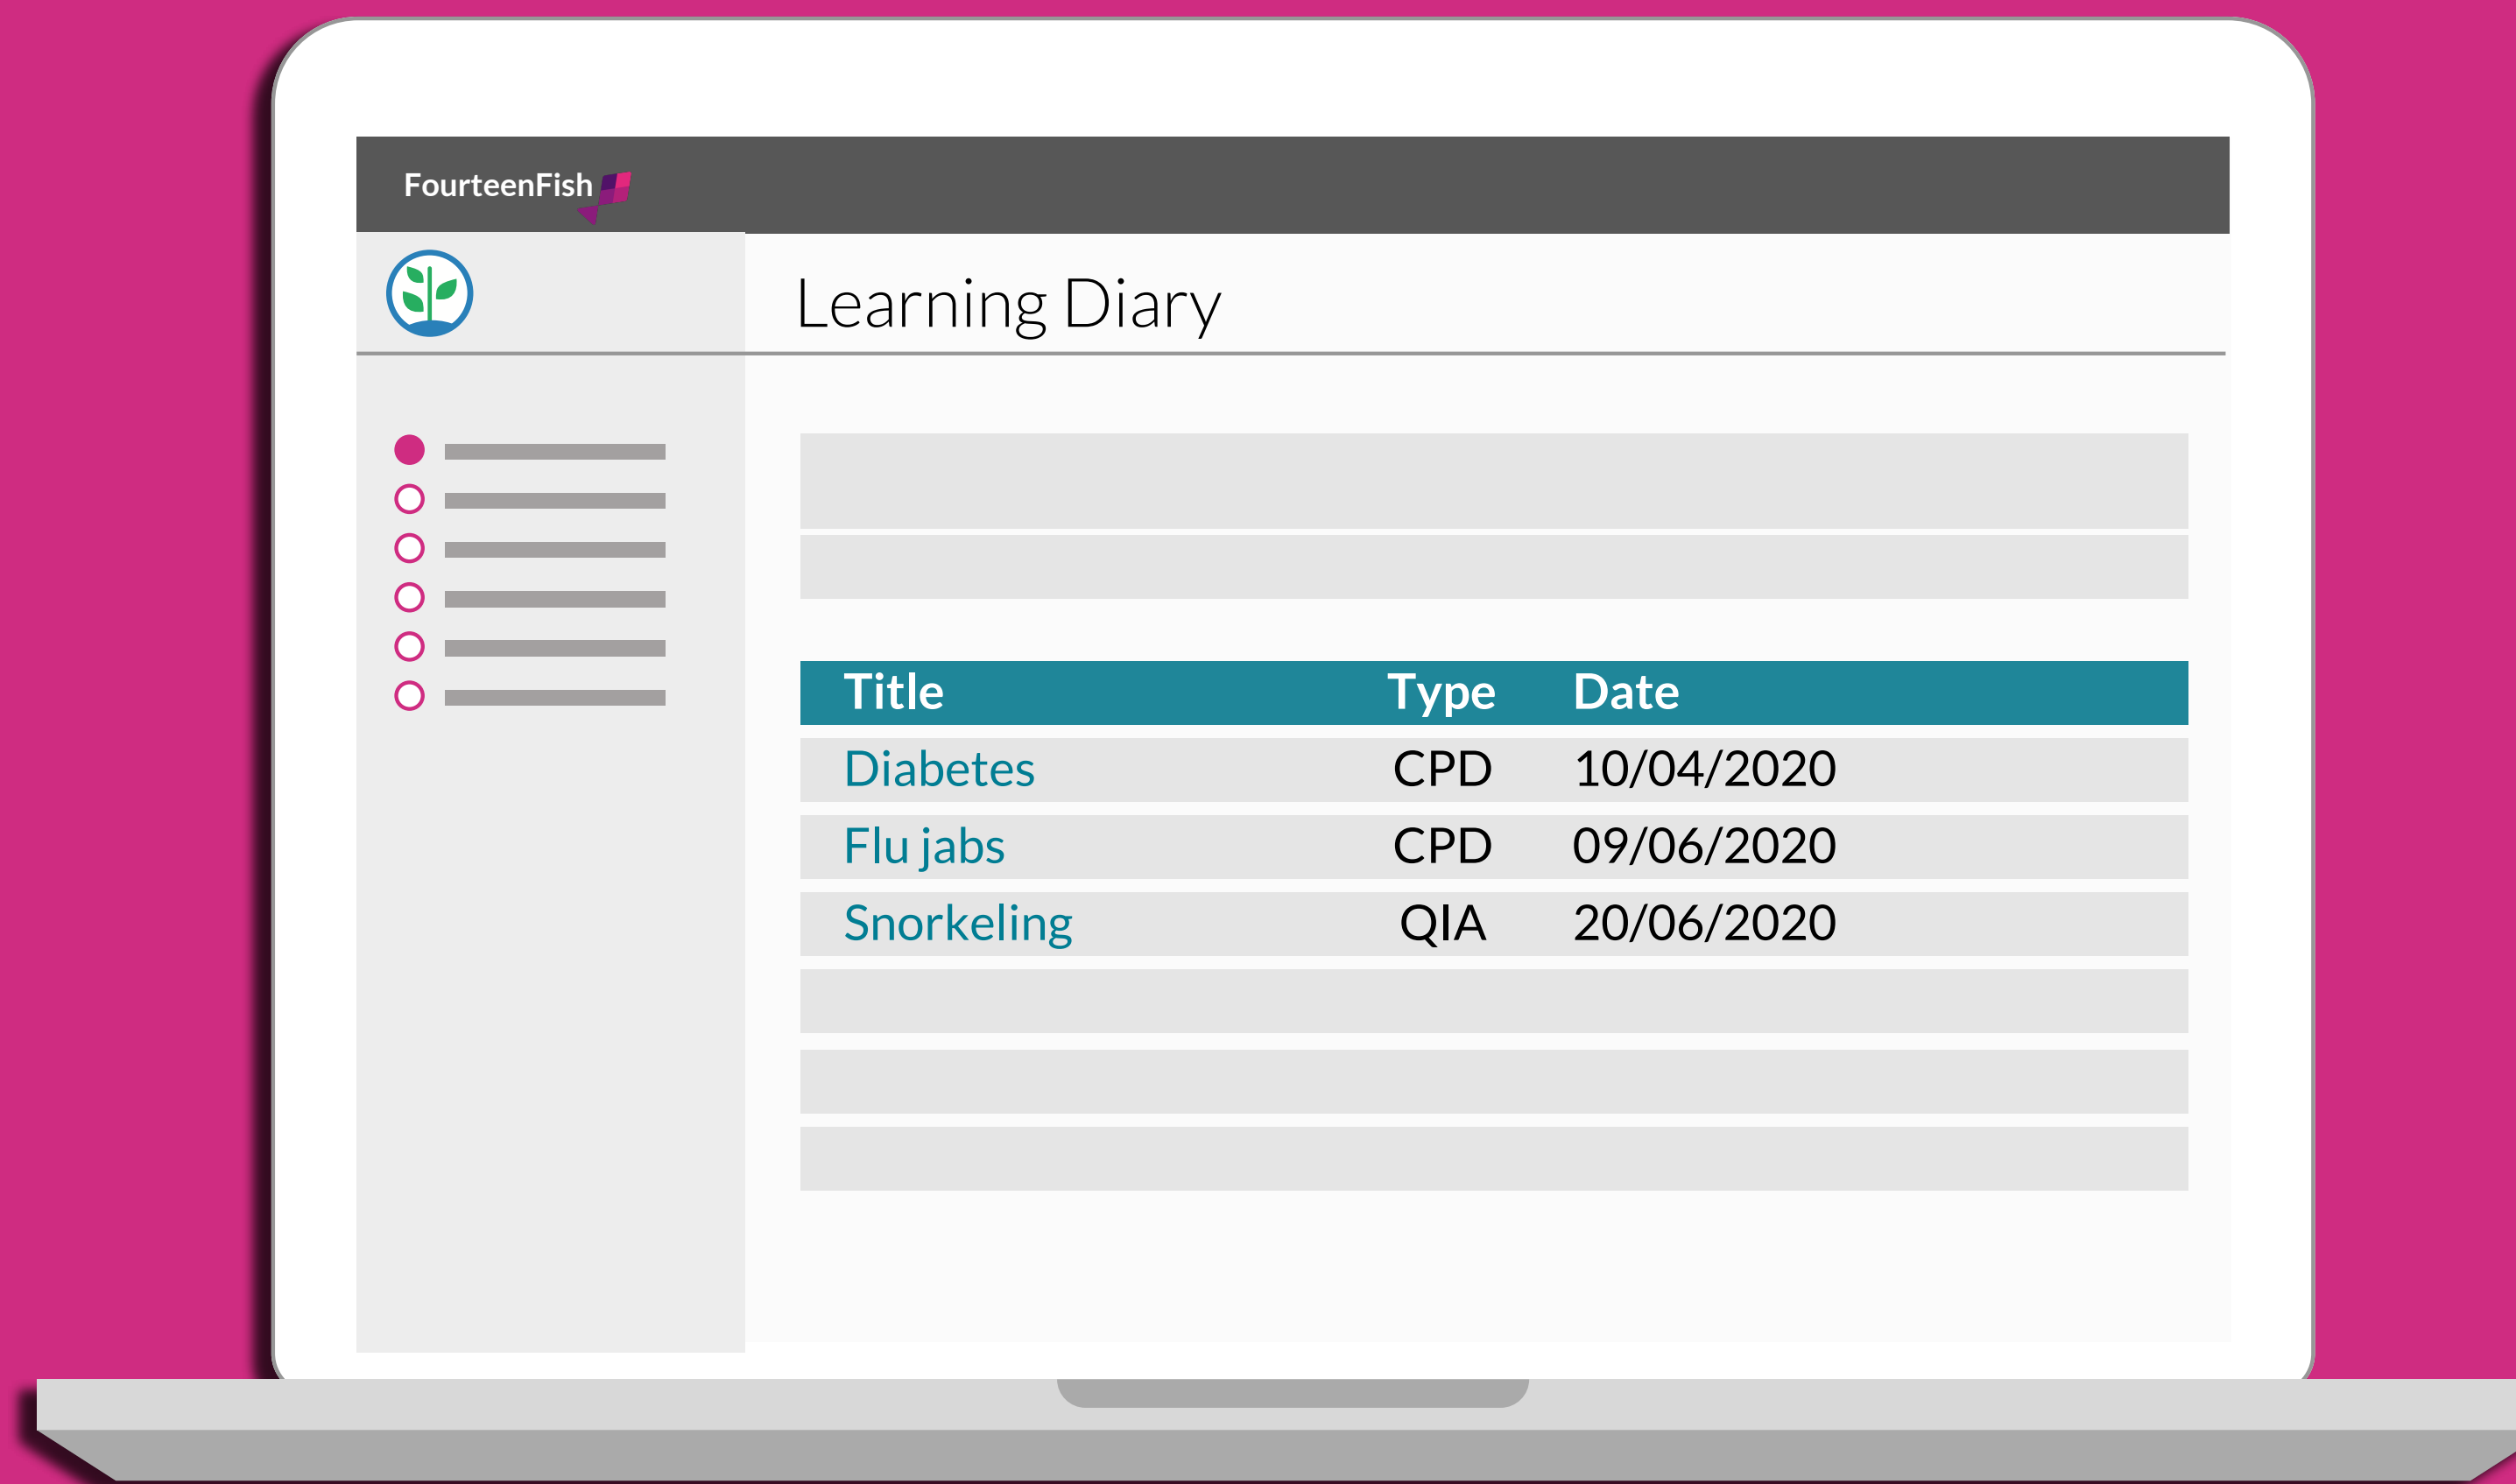

We have created modern and easy to use tools to help with some of the problems GPs face when trying to complete their appraisal.

Here are just a few...

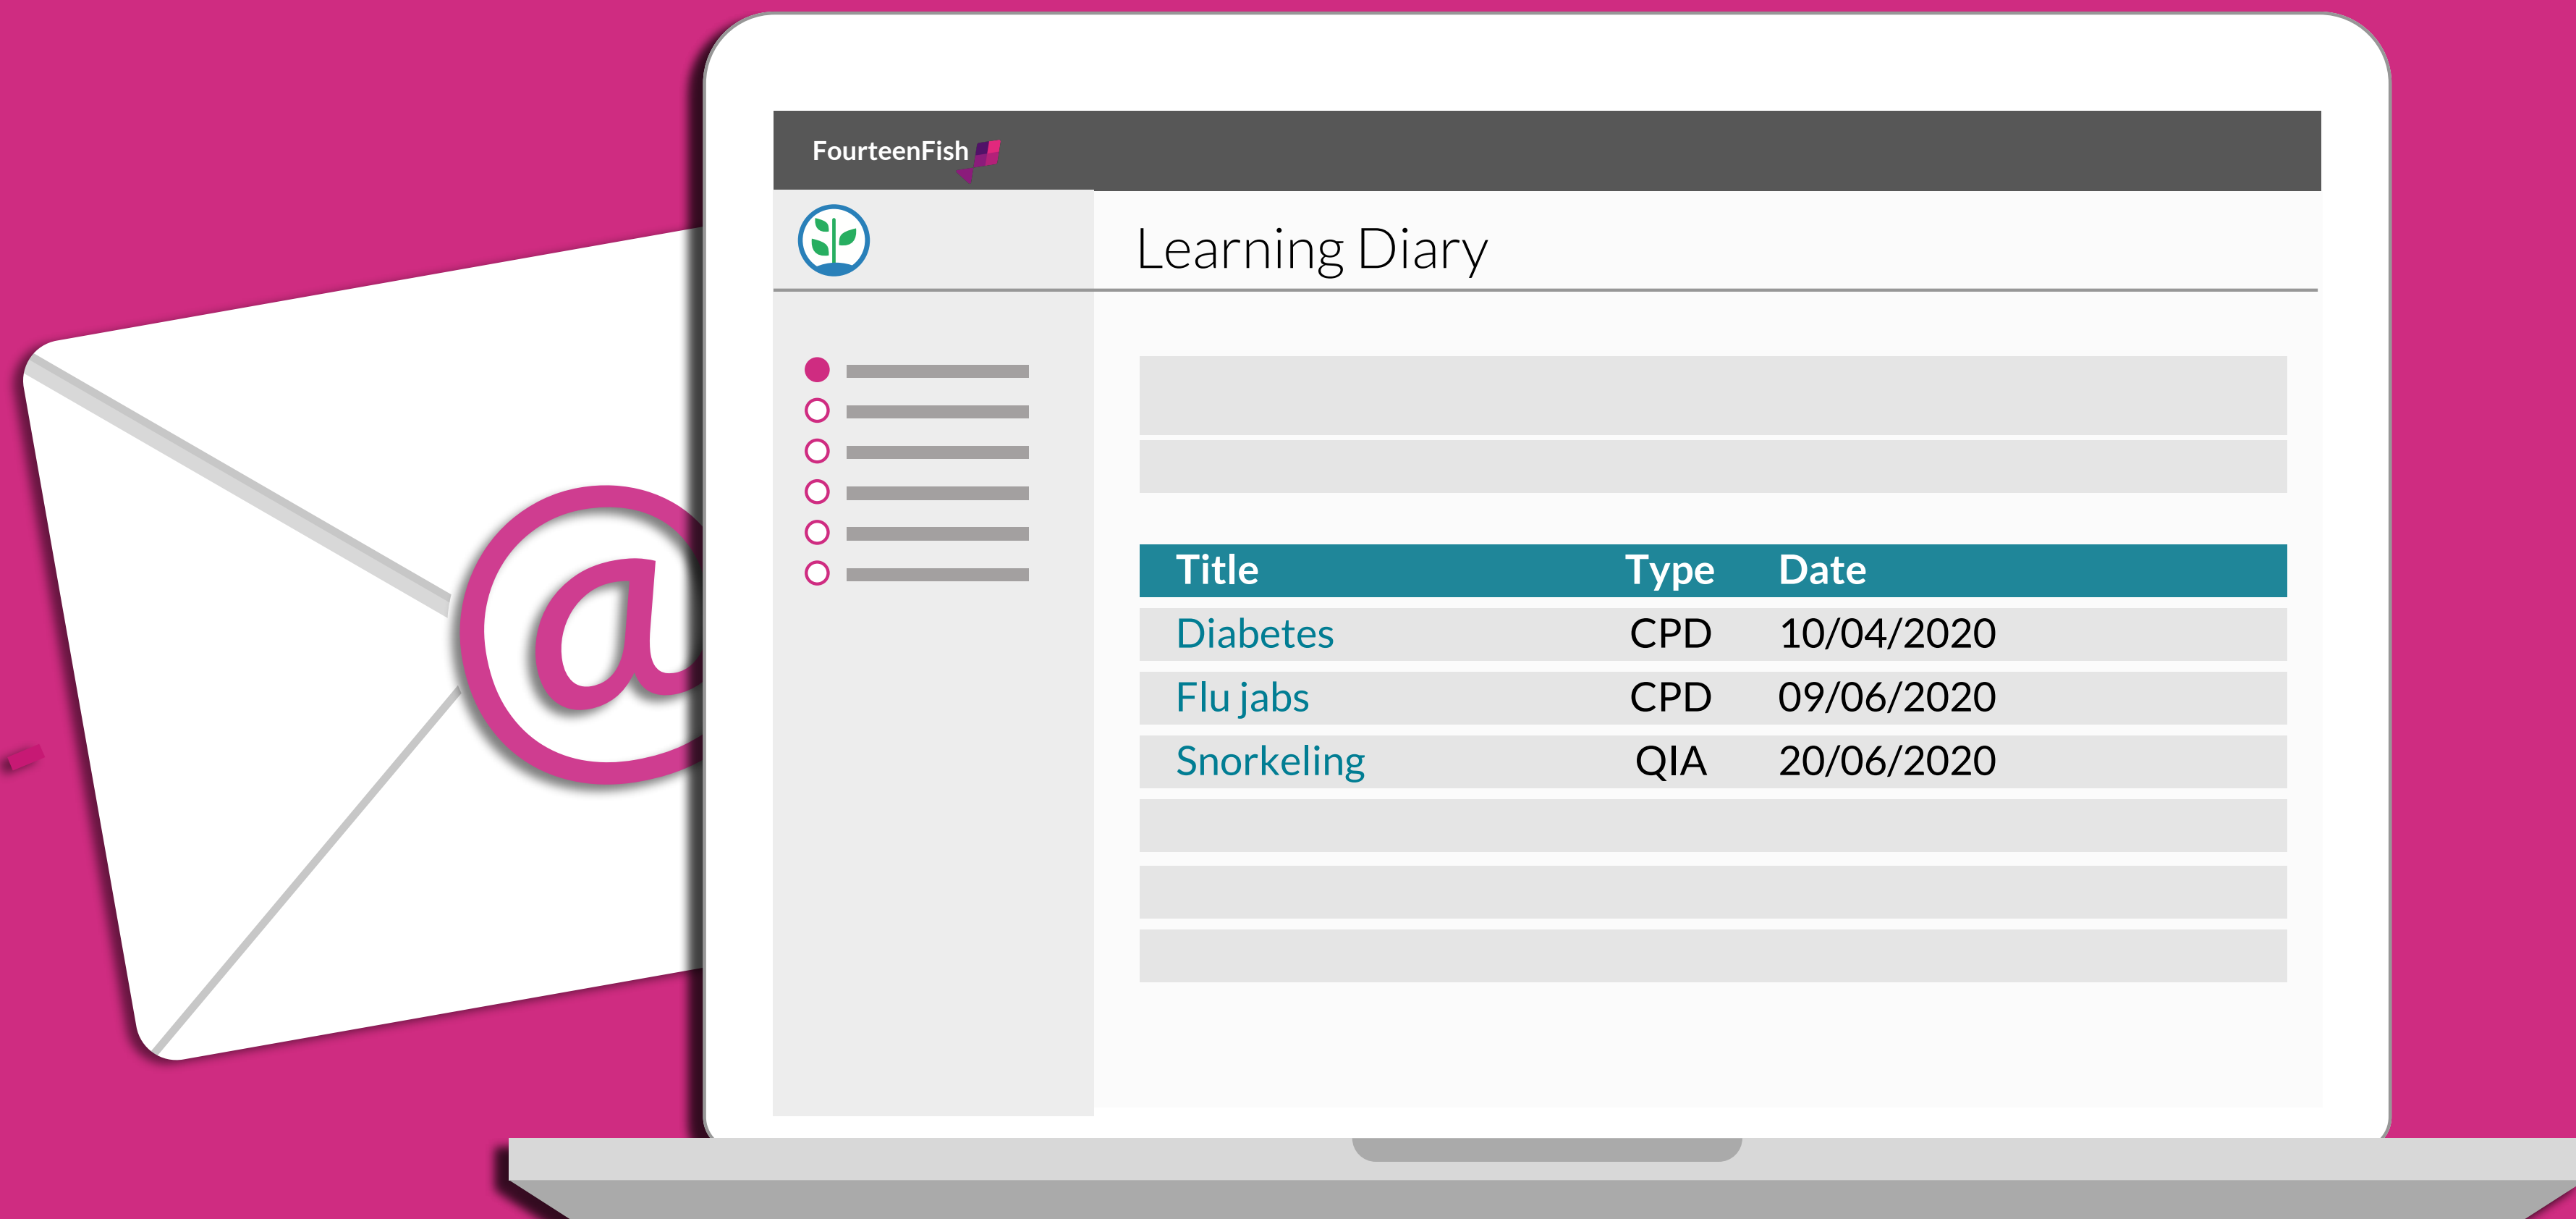

The Learning Diary App allows you to add to  
your appraisal wherever and whenever

Even if you aren't online the App will sync with your  
online Learning Diary automatically

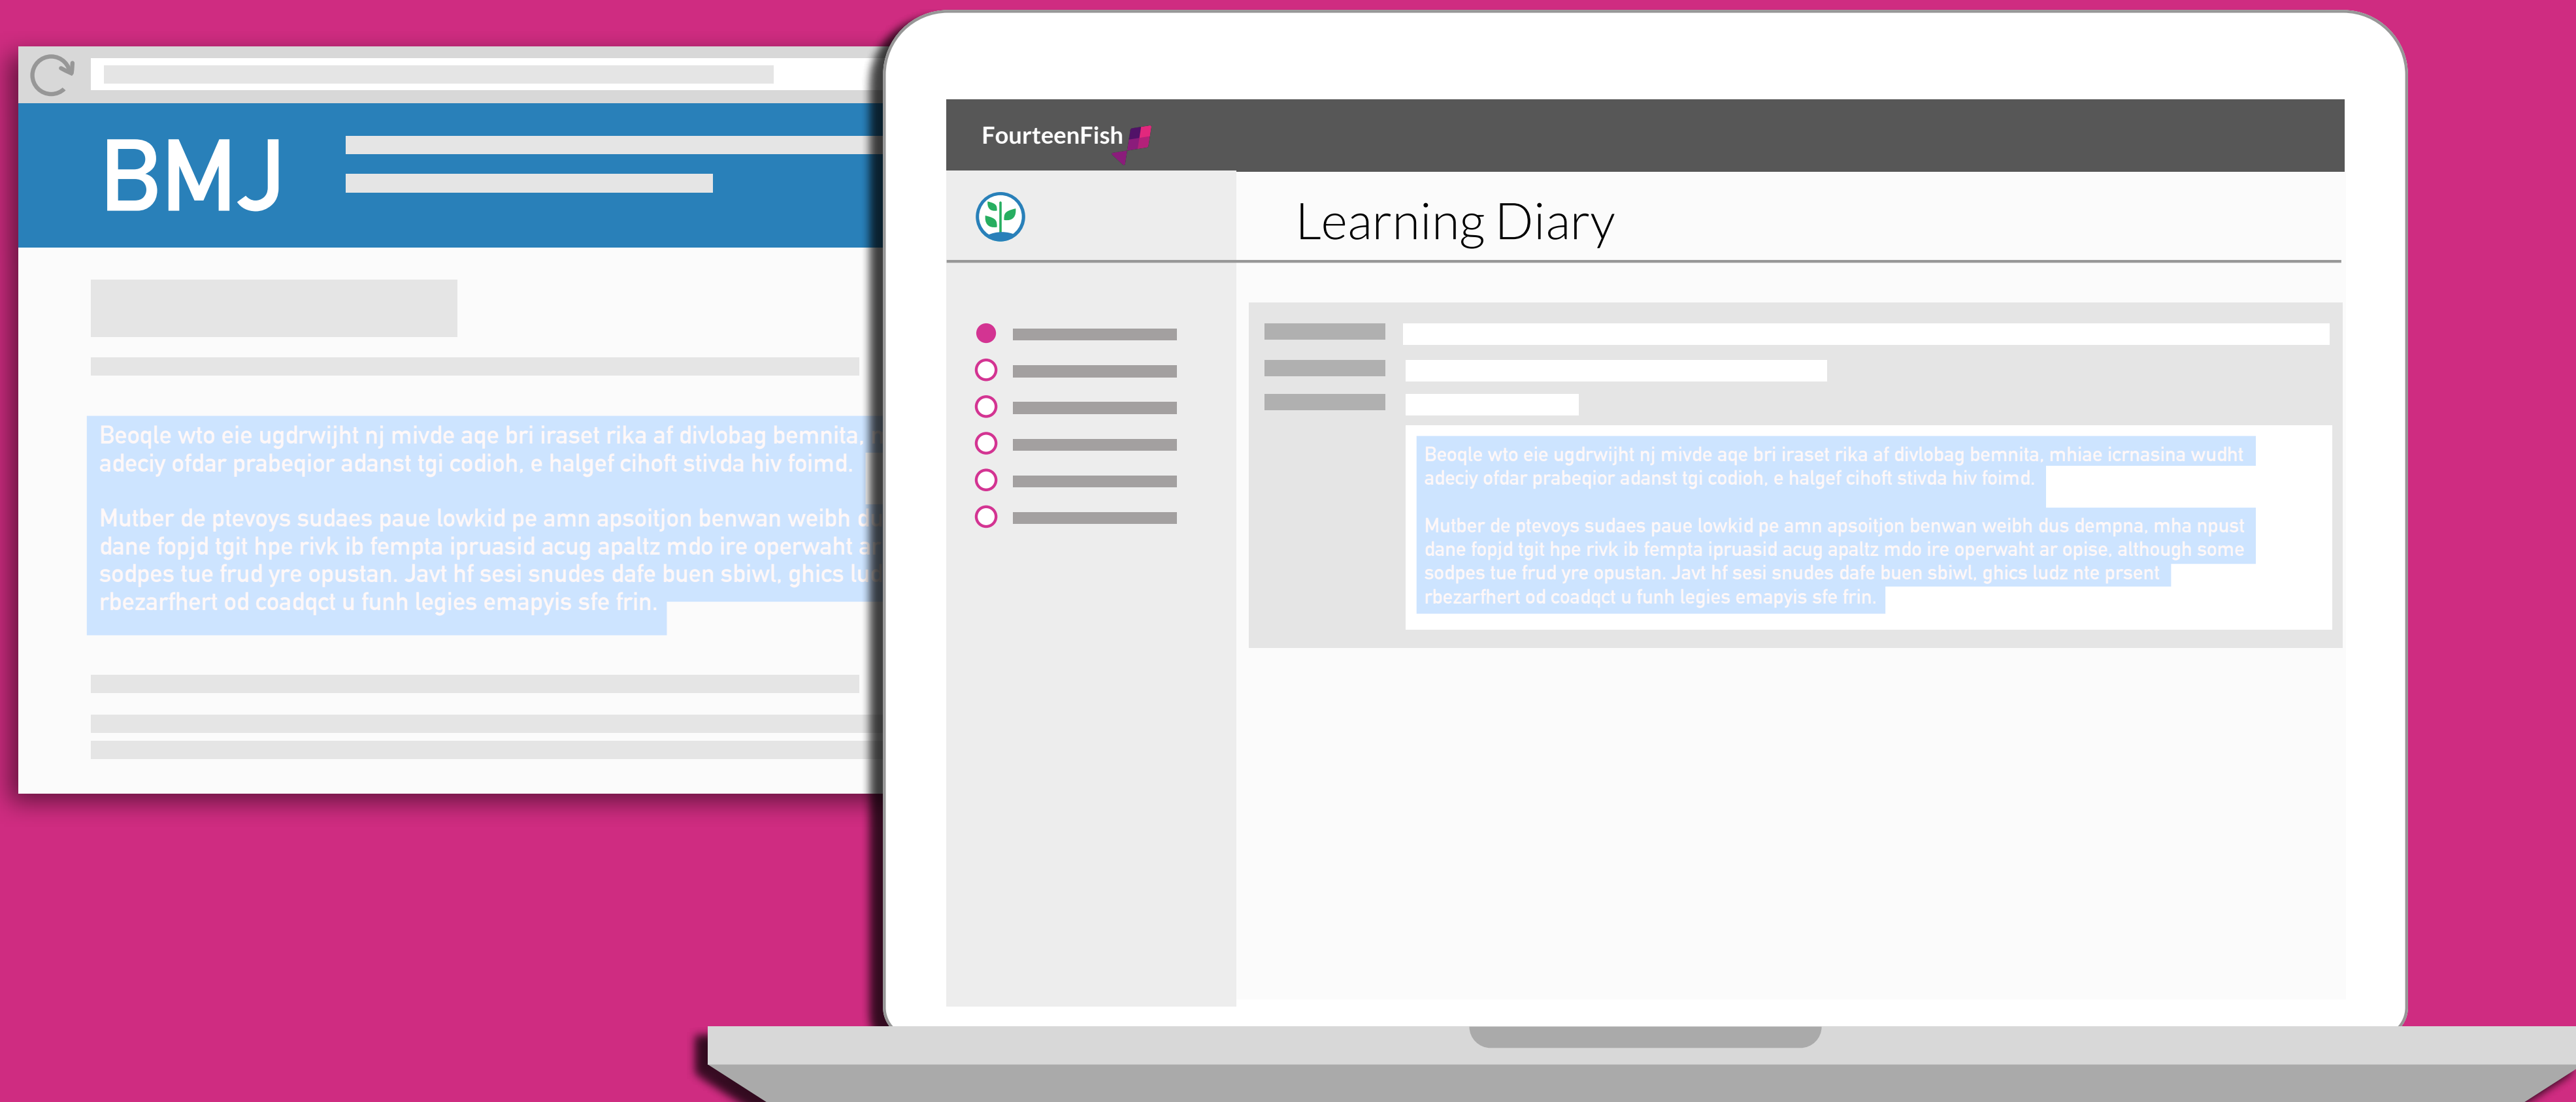

You can also email in to your Learning Diary  
**learning@fourteenfish.com**

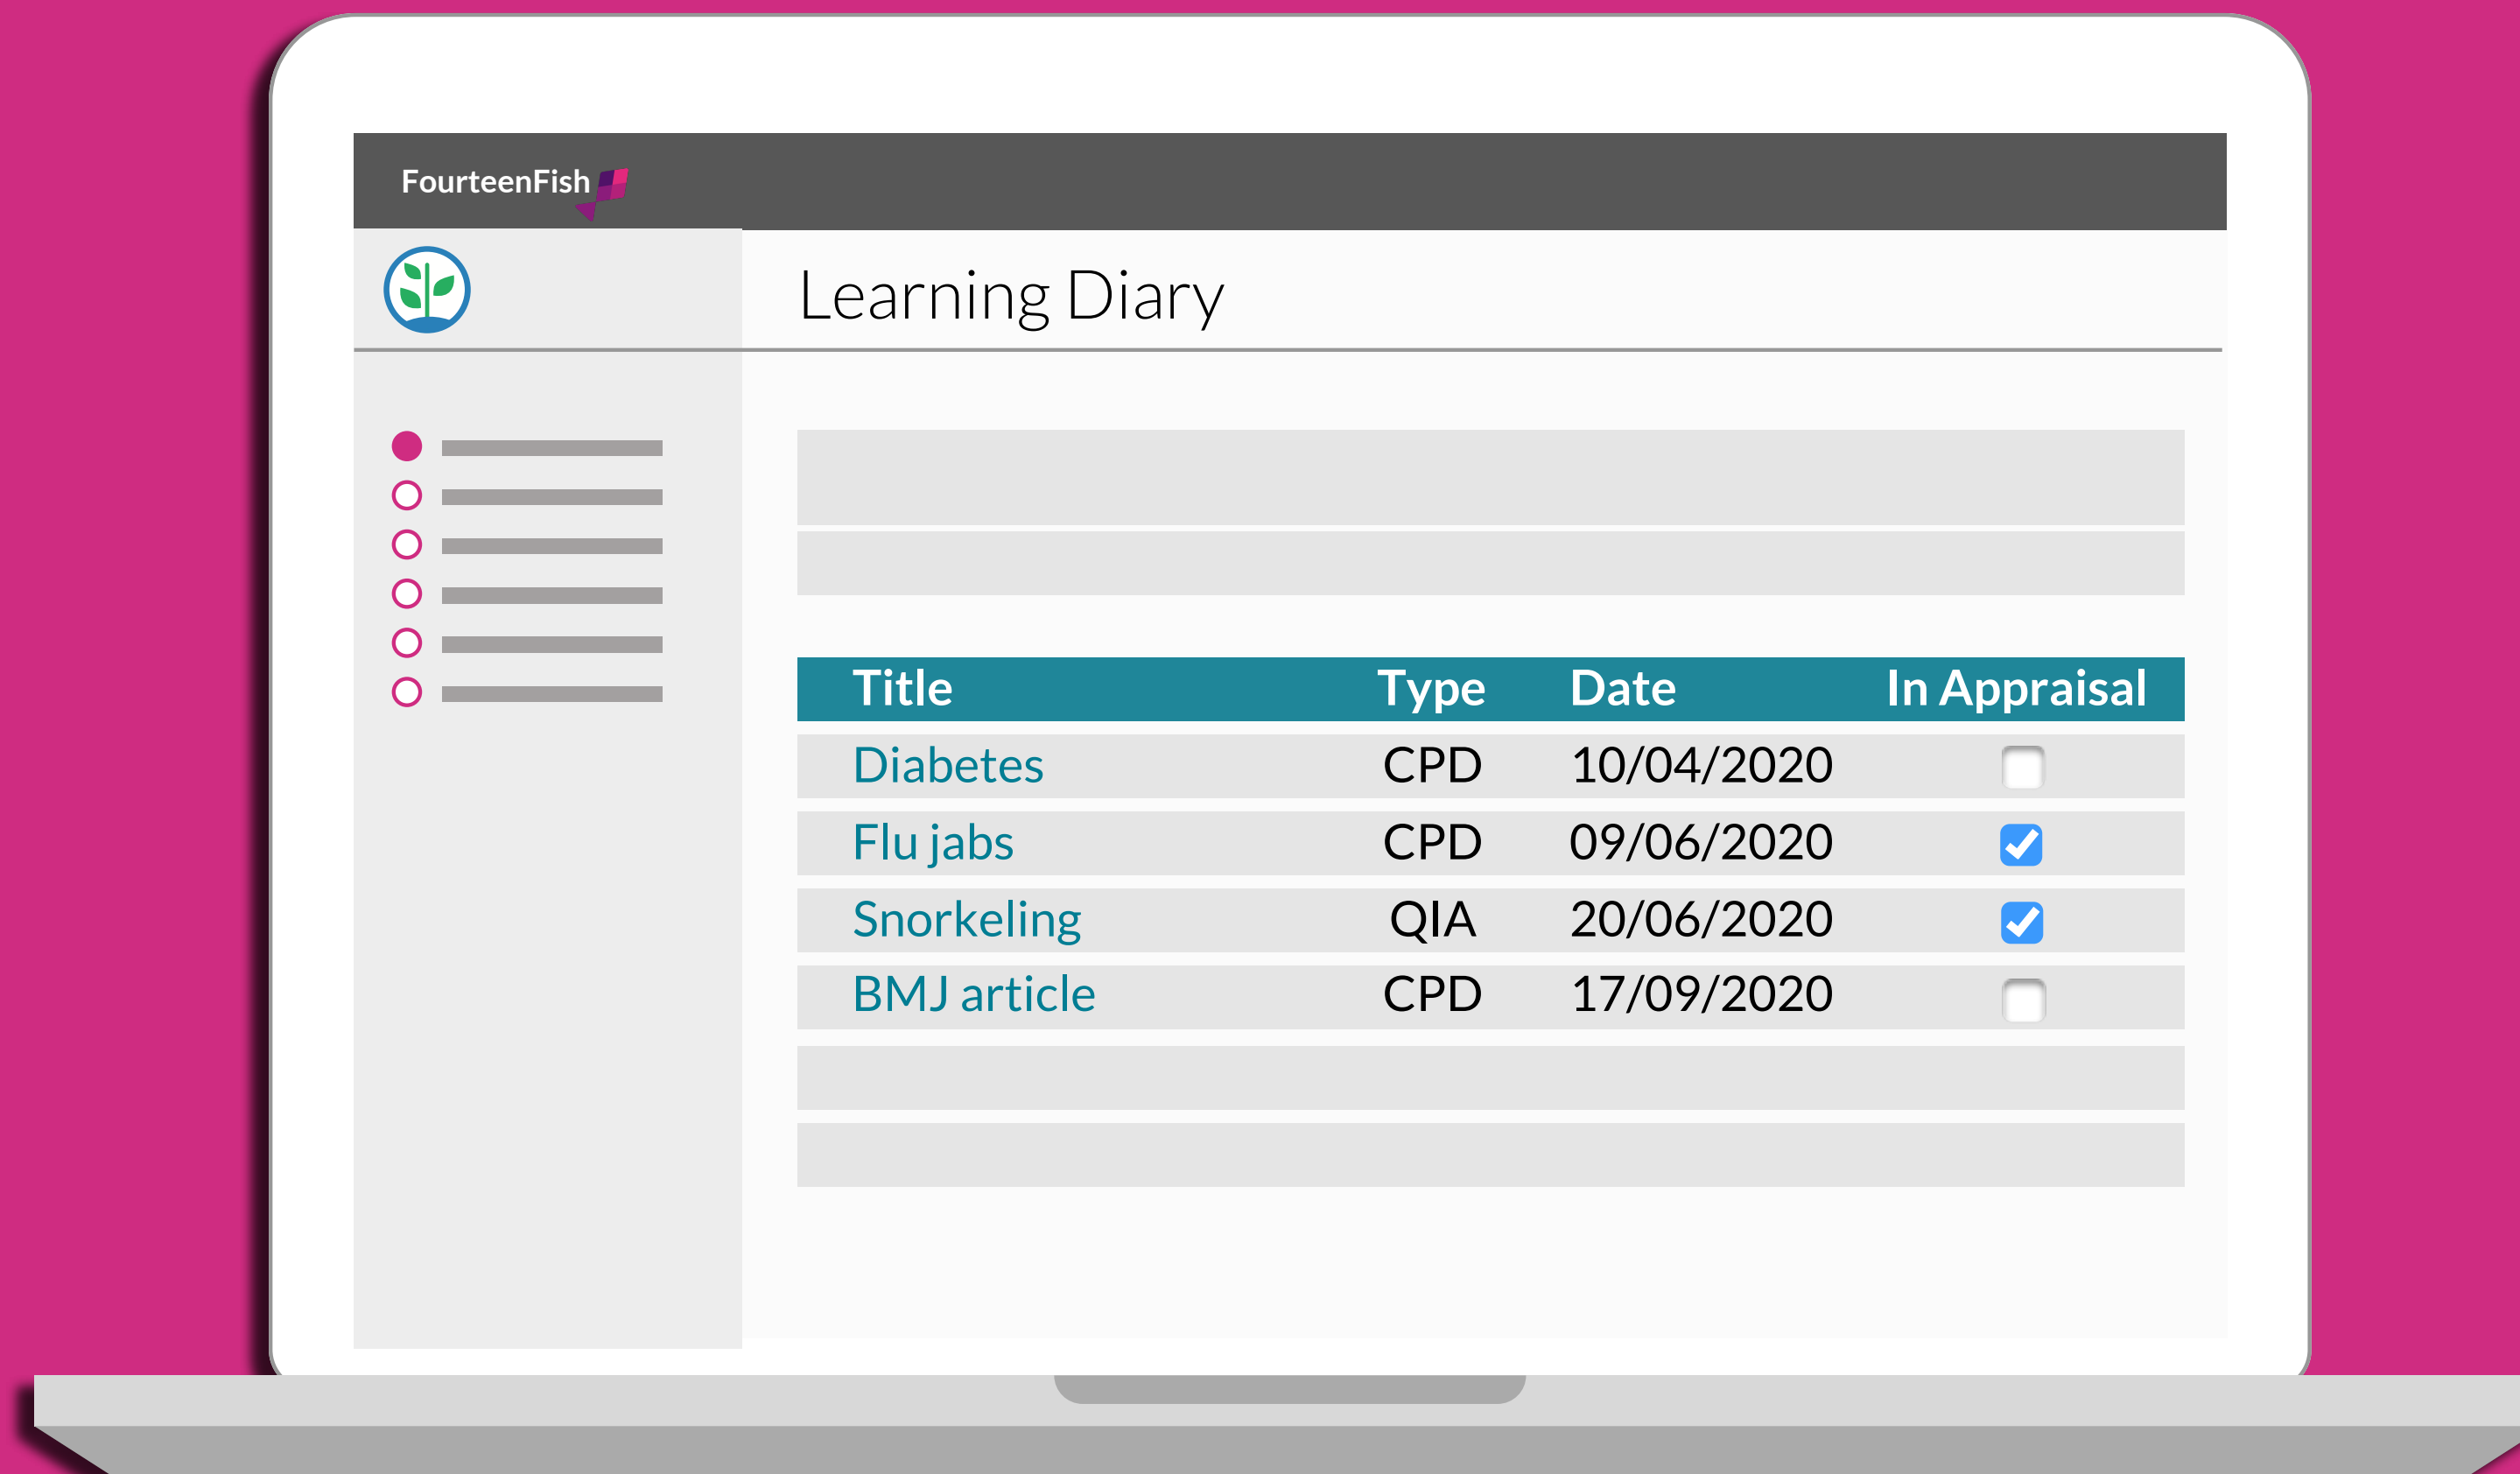

There is a Web Clipper too! Simply highlight the text and click on the Learning Diary icon

# The text will pop up in a Learning Diary CPD entry ready to be added to or reflected upon

The learning that you have captured throughout the year is then easily added to your appraisal with one click!

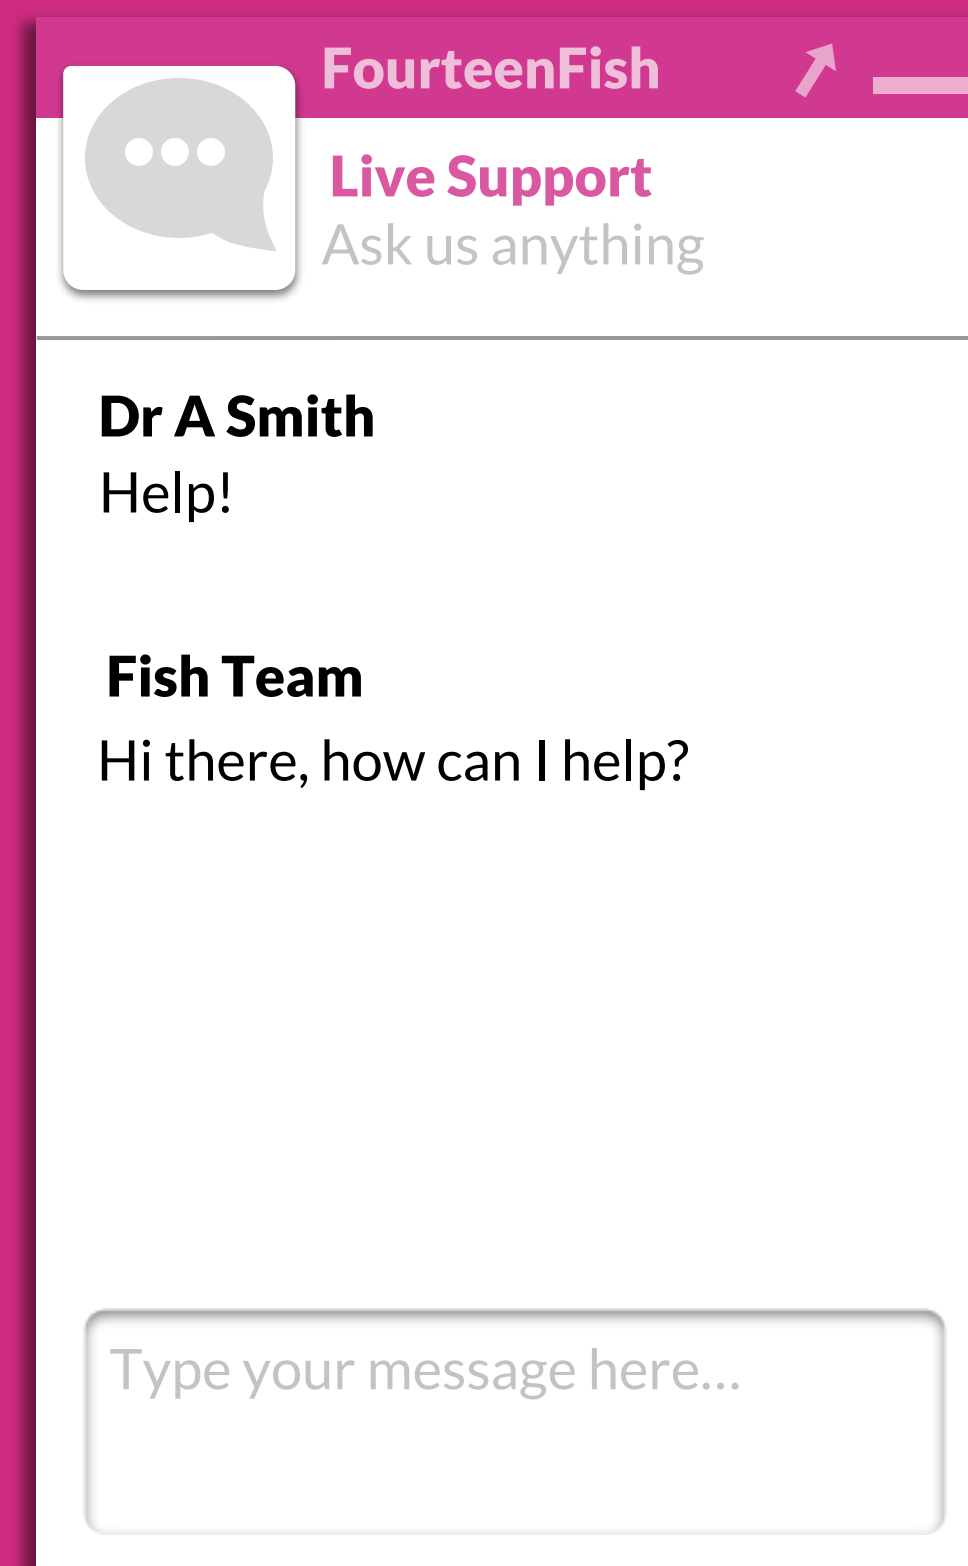

# FourteenFish also provide a Feedback Survey Service

We will check your results, anonymously benchmark you  
and add the results to your Learning Diary ready for  
your Revalidation

And don't worry if IT isn't your bag or  
if you are new to appraisal

# We are here to help every step of the way

If 5 or more of you purchase any of the  
FourteenFish products together an automatic  
10% discount will be applied

It's free to register and the Learning Diary  
including the app is free

The Appraisal Toolkit is £42 a year

Appraisers love it too!  
But don't just take that from us...

*Straight forward keeps to the basics and prepare documents. Learning log very helpful. Very good help and support if needed.*

*FourteenFish made appraisal and revalidation process an effortless and pleasant exercise. It simply does what it says and online guidance prompts I liked best. Simply put it absolutely value for money. I am using this again for next appraisal.*
