

Revalidation made easy

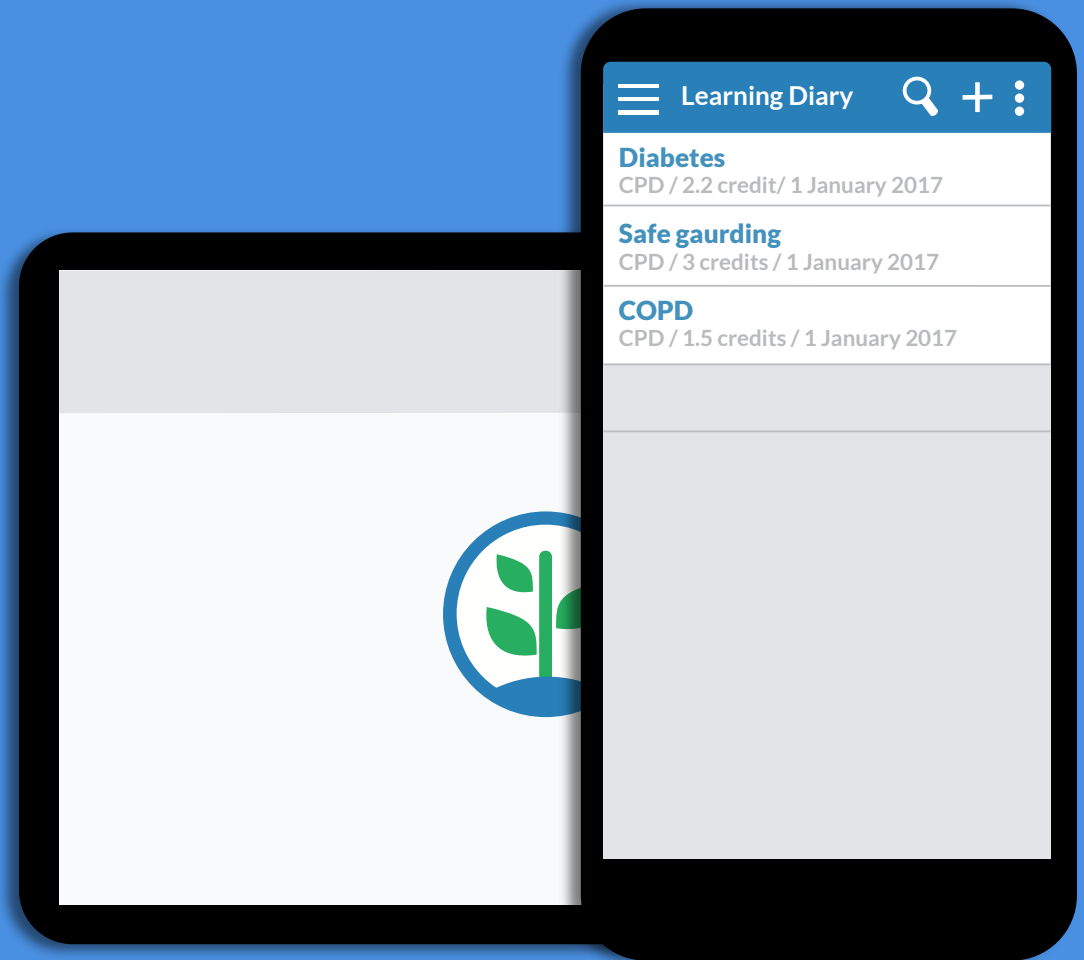

Enter your learning
throughout the year into
your **Learning Diary**

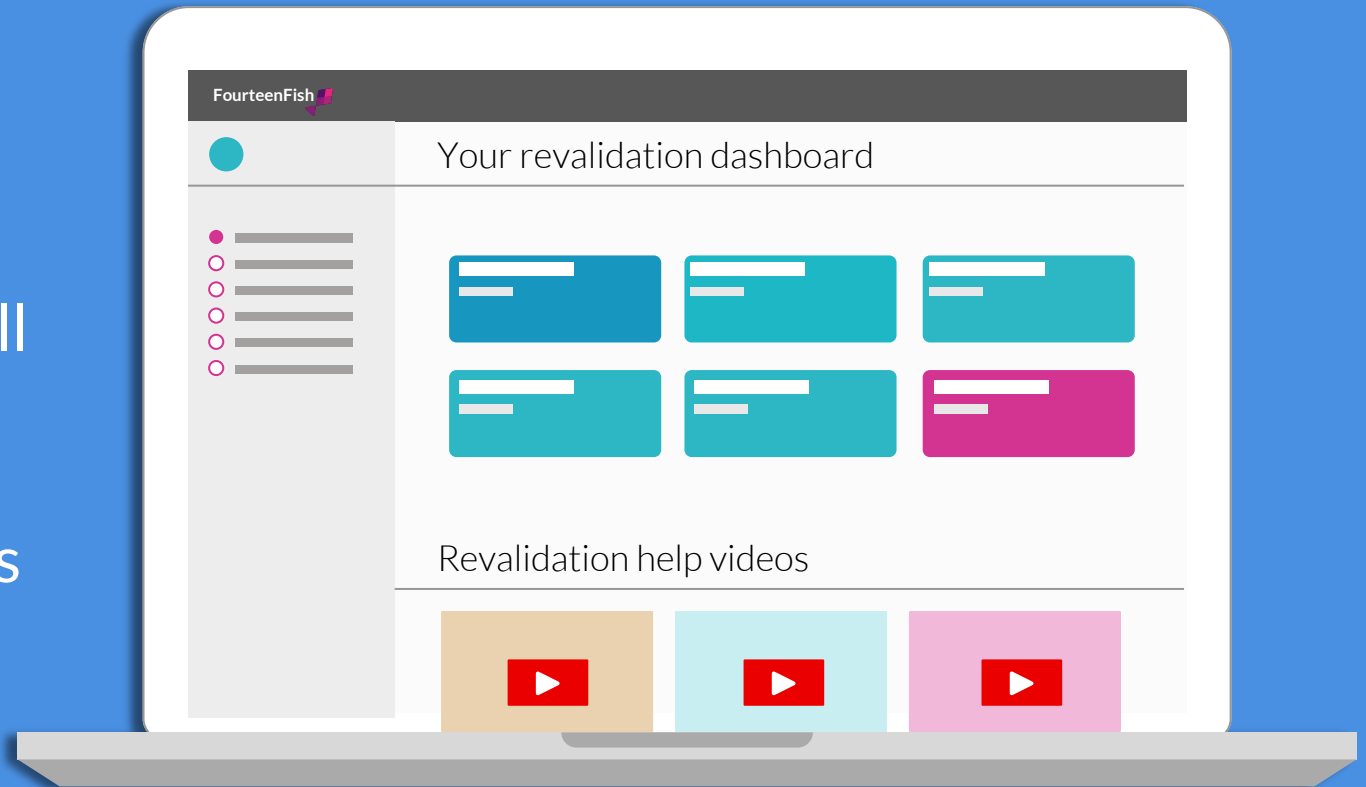

You can use the app to add learning entries on or offline

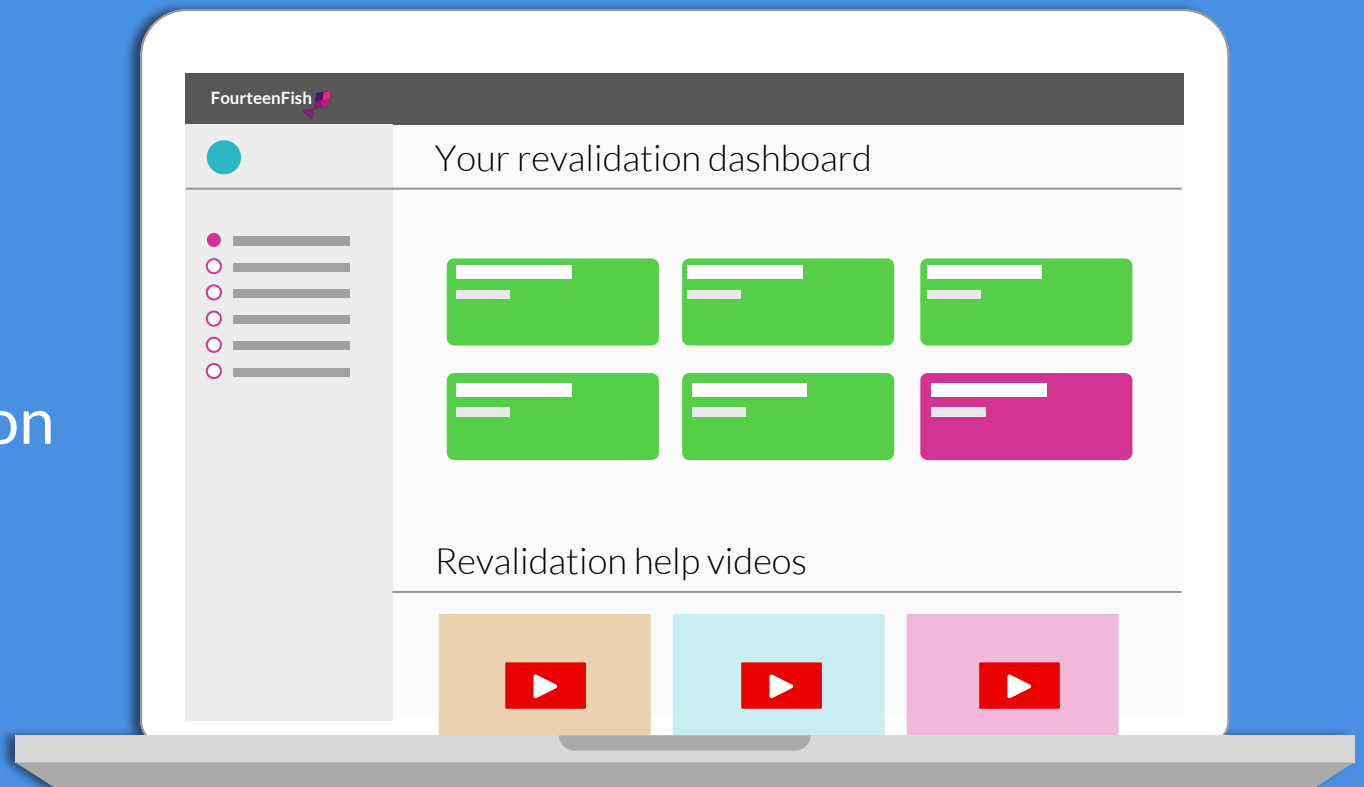

The entries will sync automatically with your online Learning Diary

The Nurse Dashboard is an easy way to help you fill in everything and make sure you've met all the revalidation requirements

The boxes will go green when you have enough information in each section to complete your revalidation

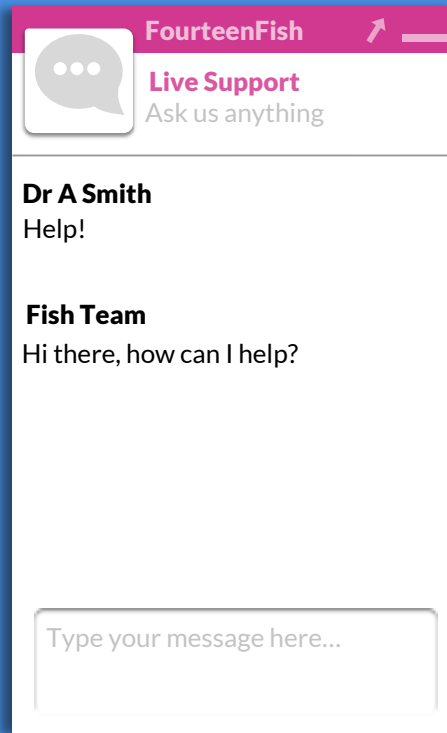

The last box will stay pink

This is where you can
download your NMC forms
automatically completed
for you

And we are here to help every step of the way

We also have a bank of resources for you to use at anytime

NMC revalidation - reflection and discussion

Fantastic website. First time I've used it for my revalidation. It has made the whole process so much easier. Having the "chat" option was really useful and very efficient. Will definitely continue to use. Thank You.

Mrs Lesley Vernon (Practice Nurse)

By using Fourteenfish I felt confident submitting my application and feel totally prepared should my portfolio be recalled. I used all areas including the feedback surveys and felt very supported by your whole team.

Mrs Julia Whiting (Practice Nurse)
